

Prajyot Vijay Garade

Aspiring Software Engineer — Software Testing — Data Structures & Algorithms — OOP

+91 9503815295 — prajyotgarade@gmail.com — [linkedin.com/in/prajyot-garade-5821713ba](https://www.linkedin.com/in/prajyot-garade-5821713ba)

Professional Summary

Aspiring Software Engineer with strong knowledge of **Python**, **Object-Oriented Programming (OOP)**, **Data Structures & Algorithms**, **DBMS**, **SQL**, **Operating Systems**, **Computer Networks**, **Software Testing** and **SDLC**. Experienced in building software applications using **Java**, **JavaScript**, **React**, **HTML**, and **CSS**. Demonstrated problem-solving ability through software development projects, machine learning research, and leadership experience. Passionate about developing scalable and efficient software solutions.

Education

B.Tech in Computer Science and Engineering (pursuing)	2024 – 2027
Ashokrao Mane Group of Institutions, Kolhapur.	CGPA: 6.78/10
Diploma in Computer Engineering	2022-2024
Bharati Vidyapeeth's College of Engineering (Diploma), Kolhapur.	First Class Distinction

Technical Skills

Programming Languages: C++, Java, SQL, JavaScript, Python, PHP

Web Technologies: HTML5, CSS3, React.js, Scikit-learn

Core Computer Science: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering, SDLC

Tools: Git, GitHub, Pandas, NumPy, AI chatbots

Machine Learning: Data Cleaning, Feature Engineering, Model Training, Classification (SVM)

Projects

Online E-Learning Platform	HTML, JavaScript
- Developed a peer-to-peer platform enabling users to learn different courses with hand-written notes and video lectures. - Implemented Subscription based access to users to learn the courses. - Designed a modular, user-friendly and portable JavaScript architecture using HTML, CSS and PHP principles to improve maintainability.	
Loan Approval Prediction Platform	Python
- Developed a machine learning model to predict loan approval status based on applicant financial and demographic data. - Trained and evaluated classification models including Support Vector Machine (SVM) and achieved high prediction accuracy. - Implemented data visualization and performance metrics for model evaluation and decision support. - I have also uploaded this project on streamlit for real time use.	
IoT-Based Water Quality Monitoring System	Arduino Uno, IoT, Sensors, C++
- Designed and developed a real-time water quality monitoring system using IoT technology. - Integrated pH, turbidity, temperature, and dissolved oxygen sensors for continuous water quality assessment. - Collected and processed sensor data through Arduino Uno for environmental monitoring applications. - Enabled real-time monitoring and analysis to support efficient water resource management.	

Experience

FullStack Developer Intern – Cognifyz IT Solutions Pvt. Ltd.

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, and modern development practices.
- Implemented front-end features and integrated them with back-end functionalities to deliver seamless user experiences.
- Worked on real-world development tasks including bug fixing, UI enhancement, and feature implementation.
- Collaborated with team members using Git and GitHub for version control and project management.
- Gained practical experience in full-stack development, debugging, and software development workflows.

Web Developer Intern – Earth Logicware Technologies

- Designed and developed responsive web pages using HTML, CSS, JavaScript, and related web technologies.
- Improved website performance, usability, and mobile responsiveness.
- Assisted in implementing user-friendly interfaces and optimizing front-end functionality.
- Participated in testing, debugging, and deployment activities to ensure application quality.
- Worked in a collaborative environment and gained hands-on experience in professional web development practices.

Achievements & Leadership

- I have won the Gold medal at India Skills West-Regional competition 2025 in Software Testing skill category.
- Awarded as Best Annual Achiever of year at AMGOI Fusion 2k25.
- Worked as a Team Leader in Major Project in Diploma and gained sponsorship for our project.

Certifications

- India skills West-Regional Gold medalist Certification
- TCS ion Career Edge- Young Professional
- Infosys Springboard Database Management Systems Part-1 & Part-2
- AWS Academy Graduate – Cloud Foundations (AWS academy)
- Yuva AI for All (IndiaAi, nasscom)
